1. This Office Action is responsive to application filed on 04/16/04.
2. Claims 1-12 are allowed.
3. The following is a statement of reasons for the indication of allowable subject matter:

The prior art of record does not disclose or render obvious a motivation to provide for a control device/method for a CVT comprising primary and secondary pulleys and a V-belt wrapped around the pulleys as defined by the limitations of claims 1, 11 and 12, wherein the slippage of the V-belt is detected, and the engine output torque and the oil pressure supplied to the secondary pulley are reduced on the basis of the slippage of the V-belt.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Cited Prior Art***

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure: Morimoto'987, Huntley'989, Ui'860, and Kang et al'528, which each shows a control device for a CVT comprising pulleys for outputting a driving torque to the drive wheel, a V-belt wrapped around the pulleys, wherein the contact between the V-belt and the pulleys is controlled in accordance with an oil pressure supplied to the pulleys.
